Coverage for over-age students extended due to COVID-19

Due to COVID-19, some schools in Canada remain closed and some programs aren't restarting this fall. As a result, we're extending our over-age student coverage from September 1, 2020, to December 31, 2020. This is to help students who qualify remain healthy and safe.

Dependents must meet all of the following criteria to qualify for over-age student coverage:

- Be a full-time student between the ages of 21 and 25 (26 in Quebec), or the age limit defined in your contract.
- Be a current student or plan to return to an educational institution recognized under the Income Tax Act. You can find accredited educational institutions in Canada [here](#).
- Be dependent on a plan member for support.
- Have provincial healthcare coverage.

We'll notify plan sponsors of this change in this week's [Focus Update](#).
